

SIMPSON GRIERSON

An annual reflection on our partnership and the difference Simpson Grierson has made to young people in New Zealand.

It is with deep gratitude that we thank you for your continued support of Youthline through the last year. Like many organisations, we faced the need to rapidly pivot on how to deliver all our services online including trainings, face-to-face counselling and most importantly, moving our Helpline Service and counsellors remotely. This was a monumental task and we couldn't have done it without the extra support and stability of our teams and our generous partners and funders. Thank you for always being there for young people when they need it the most.

SIMPSON GRIERSON

An annual reflection on our partnership and the difference Simpson Grierson has made to young people in New Zealand.

Together, we did it. Care for our rangatahi runs deep in the veins of Youthline, our partners and supporters and in our community. Together, through such change and uncertainty, we faced the challenge with grace and compassion and kept our rangatahi at the heart of the work we do - something we should all be very proud of.
